

United (Judas Priest)

1. Look around – they're moving in
Hold the ground when they begin
We can do it, we can do it
And if they wanna they can try
But they'll never get near
Then they can get outta here
Gonna keep on driving, never stop!

**United, united, united we stand
United we never shall fall
United, united, united we stand
United we stand one and all.**

2. So keep it up, don't give in
Make a stand, we're gonna win!
They can do it....
